Dear Sirs,

Jeremy Rothern has been known to me for a good many years. He was a good reliable member of the South African Gemmological Association and started up his own laboratory in Durban South Africa where from a professional point of view I had many reliable dealings for my own use and for my clients.

Along with Ian Campbell and Arthur Thomas our association goes back over three decades from a gemmological and evaluation point of view.

I have never found him to be anything but reliable, trustworthy - friendly and helpful. An excellent laboratory man. He is a guy everyone wants to work with.

Yours faithfully,

MICHAEL B. SUTHERLAND, F.G.A.
